## WHY WORK WITH ONE LOVE PROPERTIES?

When we work directly with a home seller, what we provide can not only make for a smooth transaction, but it can also add up to thousands upon thousands of dollars in savings as compared to selling a home through traditional means. With the ability to directly purchase homes and make cash offers, we can create extremely fast and hassle-free transactions.

There are many creative ways to help you out of any situation. We pride ourselves on our reputation for working one-on-one with each customer to handle each individual situation; and it's our goal to make each client feel like we achieved a WIN-WIN scenario.

Most homeowners have no idea what options are available to them beyond listing a house with a Realtor or trying to sell the house on their own and just hoping for the best. We provide a unique alternative to listing their house on their own or with a Realtor. Your Realtor gets paid a commission for his or her services which is a percentage of the home's selling price. In most cases, you may also be encouraged to fix up your home and yard to attract more potential buyers – and sometimes it can involve hiring expensive contractors.

## CASH PURCHASE PROGRAM

Utilizing cash funding from our national network of investors allows us to circumvent many of the nuances of a traditional real estate closing. We can purchase your home directly from you, and you won't have to pay any hefty Realtor commissions. In addition to our funding source, we will be buying the home absolutely AS IS – meaning, we would never ask you to make a single repair on the home. Furthermore, One Love Properties fully understands the importance of timing. You may be in a situation where you need to close quickly or, you may need a few months to transition your life. Either way, we can facilitate a fast and easy closing in 10 days or less - or as long as you need. We are here to work with you.

## LOAN MODIFICATION PROGRAMS

A “Loan Modification Program” is a special program designed to help homeowners who have experienced a previous hardship, get back on track with their mortgage. We will work directly with you and your lender to help you qualify. However, you must have recovered from that hardship, and be able to make your mortgage payments again. Often times, the lender will require some sort of partial payment before they will consider a loan modification program. The relationships we've built with many banks will help you immensely during this process.

## SHORT SALE PROGRAMS

With today's transitioning real estate market, it can be very difficult for some homeowners to sell their property. You may be overleveraged and tempted to just walk away from the home. However, this is not in your best interest, and there are serious consequences if you let the home go into foreclosure. If you are currently experiencing this scenario, it's important to know that you do have options! We are very successful at negotiating debt with banks, and can often times purchase the property directly from you - thus saving you from a foreclosure.

## REFER TO A LOCAL REALTOR

Although we own a real estate brokerage, our primary focus is in revitalizing neighborhoods. If your home is located in an area where our firm does not specialize in finding retail buyers, we are happy to refer you the right Realtor for your area. We know that not all Realtors are created equal. Therefore, we do a thorough prescreening of all our referrals to ensure that they are an adequate representation of our company.

## RENOVATION PROJECTS

Occasionally, we sell houses that are not included in our completed renovation portfolio. When selling these properties in need of repair, it's very important for the buyer to have specialized knowledge to identify any possible renovation costs associated with improving the property. When working with our company, you can be rest assured that we're very qualified and experienced in accurately estimating repairs and consulting with buyers on the renovation process. Below is a snapshot of some of our recent projects.

# Our Risks

---

There's no such thing as a perfect house -- every home, even newly constructed ones, will potentially have some issue or another. Our company builds value by rehabilitating properties in need of repairs - whether light cosmetic repairs, or significant repairs.

In many cases, we buy houses that have fire damage, termites, mold, foundation problems, roof problems or need of other major repairs. Houses with these conditions scare most buyers, and most real estate agents don't like listing them because they know such houses are hard to sell. We actually enjoy talking to sellers with these types of houses, because we can see the house's potential value after all the repairs are made; and breathe new life back into them by renovating and improving the condition of the house.

Here are just a few risks involved when we purchase properties:

- Previously unknown property conditions, or environmental hazards, such as toxic-mold, or others
- Expensive repair conditions may not have been apparent at, or became worse since the time of purchase
- Costly repairs not previously estimated for could offset the profit margin, such as HVAC, plumbing, foundation, etc.
- Work permit complications, local restrictions, or codes and other legal problems that can arise
- Unexpectedly longer times in holding a property for repair, or marketing time extended, causing profits to be exhausted
- Ever changing market conditions, including lending requirements and availability of applicable mortgages for buyers

## **WE BUY ANY HOME IN ANY CONDITION!**

Inspections on a home are helpful; however, the reality is - we never know what we're getting into until we start the renovation process.

Sometimes what seems like the simplest fix turns into a massive remodel - therefore, resulting in spending thousands of unexpected dollars. This is the risk we take when buying your home AS IS.

We do all the heavy lifting on the back end, so you don't have to.
